TRYBE'S SPECTRUM OF SERVICES

In Trybe, we recognise that young people in Singapore are faced with different adversities in life. These adversities require different levels of support and Trybe is committed to provide a spectrum of services, ensuring that the different needs of the youth are met.

TRYBE LIMITED

Established in 1995, Trybe is a social service agency that specialises in working with youth facing adversities. Our vision is **"Every Youth a Success Story"**. We believe that all youth are able to reach the fullest of their potential to live successful lives. Thus, we are united by our mission - **to journey with youth who face adversities to lead purposeful lives; inspiring them to impact others.**

Trybe, an Institution of a Public Character (IPC), is a member of the National Council of Social Service (NCSS). Our corporate values are resilience, integrity, service, and excellence.

Trybe runs various youth programmes and manages the Singapore Boys' Hostel (SBHL). We provide youth with guidance and offer support for their families and communities, creating a complete ecosystem of care from community-based outreach and interventions, to individual in-care and aftercare services.

Our ambition is to inspire the young people we work with, challenge them to be the best they can be and to be role models for them to reach out to.

SERVICES & PROGRAMMES

OUTREACH & INTERVENTION

Chrysalis	Chrysalis is Trybe's community-based outreach & intervention programme. It aims to develop self-awareness and socio-emotional skills. Empowering the youths by developing skillsets to enhance their well-being, persevere in adversity, and forge healthy relationships with others.
Project ANCHOR	Project ANCHOR is a counselling service that provides prevention and assistance to young people with mental health issues. It also offers support for the youth's parents/caregivers.
Building Eco-Systems (BES)	BES provides career guidance and coaching for youth who are unengaged — allowing them to prepare and qualify for sustainable jobs. We work with like-minded industry partners and agencies, creating a strong network of support for youth.
Career Advice and Mentoring Programme (CAMP)	A career mentoring programme for youth who have left ITE prematurely, CAMP helps young people prepare and qualify for suitable jobs by creating a structured career plan and connecting them with industry partners.
Bridge to Employment Programme (BTE)	A three-year programme that involves career mentorship and career exploration activities for youth who are interested in science and technology.

REHABILITATION & REINTEGRATION

Overcome Addiction Securing Youth's Success (OASYS)	OASYS aims to create early prevention and awareness among youth and offer treatment to youth who face issues related to substance addiction.
Growing Resilient Youths in Transition (GRYT)	Through GRYT, we support youth who have left the institutions to integrate back into society.

SINGAPORE BOYS' HOSTEL

As part of our intervention work, Trybe engages youth showing behavioural and mental health issues through programmes such as Chrysalis and Project ANCHOR, guiding them towards a positive lifestyle.

Our rehabilitation programmes aim to help the youth lead crime-free and drug-free lives. In 2011, Trybe has been appointed by the Ministry of Social and Family Development to manage the Singapore Boys' Hostel (SBHL). SBHL is a gazetted institution that serves youth in the age range of 12 to 21. Trybe also managed the Community Rehabilitation Centre (CRC) from 2014 until 2020. The CRC is a community-based drug rehabilitation centre that serves male first-time drug abusers between the ages of 16 to 21.

In an effort to provide after-care for youth probationers and ex-offenders, Growing Resilient Youth in Transition (GRYT), was launched in 2015. Through GRYT, we support youth who have left the institutions to integrate back into society.

Trybe also established the Overcoming Addictions Securing Youths' Successes (OASYS) programme which aims to create early prevention and awareness among youth and offer treatment to youth who face issues related to substance addiction.

To strengthen the reintegration of our clients who seek sustainable career paths, Trybe launched Building Eco-systems (BES) programme. BES provides career development opportunities for young people and helps them gain skillsets, experience, and certifications that will qualify them for long-term employment. Furthermore, Trybe has partnered with Institute of Technical Education (ITE) and Ministry of Social and Family Development (MSF) to launch a career mentoring programme for ITE leavers.

To date, we have reached out to more than 150,000 youths through the different programmes and services for youths-at-risk, ex-offenders, and their families. In an ever-changing social landscape and the emerging complex needs of youth, we are constantly seeking ways to develop and improve the services we provide in order to make a difference in the lives of our beneficiaries.
